

ST FRANCIS XAVIER
6th FORM COLLEGE

Working with schools

We truly value the relationships we have with schools and understand how important it is for schools to provide their students with information on the options available to them after year 11, particularly following the introduction of the Baker clause in January 2018. We therefore offer a range of options devised to make it as easy as possible for you to provide your students with information on SFX and the opportunities we can offer them.

VISITING YOUR SCHOOL

Post-16 events & Careers Fairs

If you are holding a post-16 careers event for your students, we would be delighted to attend and chat to your students.

Parents' evenings

We can set up a stall at parents' evenings to be available to answer any questions from parents and students.

Drop-in sessions

Drop-in sessions can be held during a lunch time or whenever is most convenient for you. We only need a small space to set up a stall and students can come and see us as they please.

Application workshops

If your students are thinking of applying or need assistance with completing their application, we can come in during a lunch time or after school and work through the application with them. For application workshops we would ideally need access to computers for the students to use, but can otherwise provide paper applications.

Assemblies

Assemblies are offered throughout the year for both year 10 and year 11 students, usually consisting of a presentation about SFX and an inspirational talk from our Student Presidents. We can focus assemblies on a topic of your choosing, such as putting an emphasis on the BTEC & UAL courses we offer or the importance of achieving grade 5s in their GCSEs.

VISITING SFX

Sixth form taster days

Give your students a taste of life in a sixth form college. Taster days usually consist of informational presentations explaining the types of courses we offer; presentations from our students on their experiences at SFX; short taster lessons in 2 or 3 of our courses; a tour of SFX and a question and answer session.

Group tours

We can provide a tour of the College with Q and A session for a group of your students with the option of an application workshop at the end of the tour for any students who would like to apply.

Open Day group visits

We can make special arrangements for students from your school to attend our open days in groups. See overleaf for the dates of our open days this year.

Careers advisors session

Are you unsure about the courses we offer, the application process or our entry requirements? We would be happy to visit you at your school or welcome you at SFX to go through anything you would like to know more about.
