

Oxford's GCSE-to-A-Level Bridging Support

Home-learning Pack: ALGEBRA

THIS PACK CONTAINS learning material and exercises to support the transition from GCSE to A Level Maths. It covers the main Algebra topics, and includes model answers for every question ('Step-by-step solutions'). This material is drawn from Oxford's A Level Maths Bridging Editions. The Bridging Editions cover both transition and the full A Level specification. The Edexcel edition can be found on Amazon [at this link](#) and the AQA edition [at this link](#). Editions are also available covering AS Level only.

CONTENTS

[Topic A: Indices and surds](#)

[Step-by-step solutions](#)

[Topic B: Solving linear equations and rearranging formulae](#)

[Step-by-step solutions](#)

[Topic C: Factorising quadratics and simple cubics](#)

[Step-by-step solutions](#)

[Topic D: Completing the square](#)

[Step-by-step solutions](#)

[Topic E: The quadratic formula](#)

[Step-by-step solutions](#)

[Topic F: Line graphs](#)

[Step-by-step solutions](#)

[Topic G: Circles](#)

[Step-by-step solutions](#)
